

DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-174  
16 August 1976

MEMORANDUM FOR: Deputy to the DCI for the Intelligence  
Community

FROM

:

  
Chairman

STAT

SUBJECT

:

DCID No. 1/19, "Nondisclosure Agreements  
for Intelligence Sources or Methods  
Information"

1. Attached for your signature is a memorandum for the DCI forwarding the proposed DCID 1/19 establishing requirements for nondisclosure agreements as prescribed in Executive Order 11905.

2. As you will recall our original draft was forwarded for NFIB consideration in May 1976 with the major area of dissent in the scope of information covered by the agreement. Other problems were raised during subsequent staffing and the various positions are footnoted in the draft. Because there appears to be firm positions established in the community on the key issue, I believe that it can only be resolved by the DCI after NFIB consideration. It would be appropriate to invite Mr. Lapham, CIA/OGC, to attend the NFIB meeting since these issues are tinted with legal overtones.

3. It is recommended that you sign the attached memorandum to the DCI recommending approval to place this proposed DCID on an NFIB agenda.

Enclosed from [ ] is the draft DCID 1/19 on "NonDisclosure". He recommends that it be placed on the NFIB agenda and has prepared a memo to the DCI for [ ] signature to that effect.

This package has been looked at by [ ] and Walt Elder. [ ] feels that we should be firmer and more explicit about the recommended position. [ ] and Elder think the package is O.K. as is. There are some thorny problems here and perhaps the only way to resolve them is to get the matter to the NFIB.

STAT

In my view the attached memorandum and proposed DCID are not ready for [redacted] to send to the DCI. No position is recommended for the DCI to support at the NFIB. I suggest the DCID be redrafted to show the wording which the D/DCI/IC and Chairman, SECOM, recommend be the DCI position for the NFIB discussion (with all organizational dissents clearly footnoted), and that the memorandum to the DCI recommend he support the DCID as redrafted. The present draft includes in the text virtually all of the positions of individual agencies with no indication of an ICS recommendation to the DCI as to what should be accepted or rejected.

1-2 Maw:

Please see [redacted] comments above. Can you accommodate his suggestions or would you prefer to push through as is?

2-1 The DCID is drafted as approved by the majority of the Secoms. DCI position paper will be prepared for pre-NFIB.
